

A  
Superfax  
Paper Finishing  
System

Available are not only Paper Collating System  
but also **On-line Booklet Making System** and  
**Twin-Tower High-Pile Stacking System**

**SUPERFAX**

**EC-4600**

**Simply desined operation panel**

With use of double function keys  
the operation panel is easy to  
recognize the machine status and  
easy to operate.

The EC-4600 is a micro-computerized table top  
collator with a criss-cross paper stacking system  
which securely separate each set of documents if  
flimsy and/or slippery paper is used.

## Two towers with different post-press equipment

The features of the EC-4600 can be expanded by connecting with various types of post-press equipment such as booklet maker, high-pile stacker, stapler/puncher and jogger thanks to the center delivery system of paper stock.

## Specifications

Number of stations	10 (Expandable to 20 by connecting EC-4600L)
Paper size	SRA3, B4, A4, B5, A5 & postcard or Ledger (11x17"), Legal (8.5x14") & Letter (8.5x11")
Paper quality	35-210g/m <sup>2</sup> Copy paper, Offset paper, Duplicating paper, Coated paper, NCR paper & Bleached/Recycled paper
Speed	60 or 40 sets/min. (A4 Landscape feeding)
Station capacity	28mm (approx. 350 sheets of 64 g/m <sup>2</sup> paper)
Stacker capacity	65 mm (approx. 800 sheets of 64 g/m <sup>2</sup> paper)
Stacking method	Criss-cross 20° or straight
Feed error detection	Empty feed, Paper jam, Double-feed and No paper
Other detection	Stacking table full, Paper eject jam, Backdoor open & Transporter jam
Paper thickness check	Individual on each station by built-in photo sensors
Feeding pressure	3 or 4 positions
Separator pressure	3 positions
Counter	4-digit addition and preset subtraction by ten keys
Paper feeding mode	* Alternate * Interleaving * Insertion of Front & Back covers * Repeat
Power supply	110-120, 220-240VAC, 50/60Hz
Power consumption	190W
Dimensions	760(W) x 550(D) x 1,055(H) mm
Weight	77 kg.
Other features	* Fully detachable feed tray * Automatic elevation of feed trays
Standard accessories	* Paper feed trays * Criss-cross stacker * Vinyl machine cover * Auxiliary paper feed guide for small size paper * Anti-tilting plates for table-top and floor use
Options	* Collator table * Left tower EC-4600L * Stapler/Puncher PSM-16 * High-pile Stacker EC-46S * Booklet Maker

\* The design and specifications are subject to change without notice.

### PSM-16 Stapler/Puncher

The optional **PSM-16** staples and punches on up to A3 paper size at a high speed of 840 sets (stapling only on A4) per hour.

## OTHER FEATURES

- Independently adjustable photo sensor makes it possible to use wide variety of paper types.
- The electronic total counter tells the operator an approximate time for a change of consuming parts.
- Interleaving a separation sheet at a desired timing is convenient when gluing a large number of sheets at the head.
- Even the folded sheets are acceptable for paper feeding.
- Our traditional detachable feed trays are even progressed to be separated into two sections thus allowing easy access to the paper feed rollers for dealing with paper jam.
